

John Reeder

For Arlington County Board

Green Change for a Better County

As a 30-year Arlington resident and member of the Arlington Green Party, I have the following goals for Arlington County:

- Transform Arlington into a leading environmental community –
 - extend recycling to parks, apartments, schools, and commercial buildings
 - halt over-development of our community to address loss of green space
- Preserve existing rental housing and fund a housing authority
- Trim wasteful county government spending on expensive vanity projects
- End one-party machine rule in county government, empowering all residents, no matter party affiliation, in our democracy to improve our county government

The Arlington Green Party is a member-based Political Action Committee (PAC) and affiliate of the Green Party of the United States. The Green Party is the largest political party in the world. The party's ten key values include grassroots democracy, social justice and equal opportunity, ecological wisdom, non-violence, decentralization, community-based economics, feminism, diversity, and future focus.
